

My communication differences...

DIRECTIONS: List five people with whom you communicate on a regular basis. In the second column, list the objective of your communication with that person. In the third column, list the different norms and behaviors in your communication relationship with each person.

1.		
2.		
3.		
4.		
5.		

Choose one of the individuals mentioned above. In the space below, evaluate your communication with the individual. Expand on your objective and discuss your approach/behaviors in the relationship. Are you achieving the intended objective? Could you enhance the relationship in any way? What role does communication play?
